MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Call from [ ] concerning the U-2R

1. On 3 February [ ] called and asked if I had heard about a memorandum that General Steakley sent Mr. Vance, stating that U-2Rs be assigned to SAC. I responded negative. Further, I commented that it is my impression that the U-2R allocation is a matter for the concern of the D/NRO.

2. [ ] stated that recently during a [ ] briefing in the Pentagon to Dr. Flax and others, he made noises about the U-2R program. [ ] however, that [ ] is just flag-waving on his own and the Air Force's behalf and that, indeed, when needed he will be invited to participate or send participants to appropriate coordination meetings as in the past.
